

Our rooms

The Lartor Resort has a total of 12 rooms of 27-41 square meters and can accommodate 2-4 people. Each of the twelve rooms is furnished with hand-flattering design furniture made of oak wood - oiled oak parquet and soft colors exude a feeling of warmth and comfort. The glass shower tubes, which stand in the middle of the room and bring urban luxury to the Alps, are spectacular. The panoramic view of the surrounding countryside and mountains is breathtaking.

The view of the Lartor Chalet Resort Ammergau Alps from December 2023

Our hotel

At the Lartor Resort in the nature park in the Ammergau Alps you can enjoy three of the most beautiful things in life: relaxation, art and cuisine. Breathtaking is the wide view through the floor-to-ceiling panorama window into the Ammergau valley, directly from the comfortable rooms with natural elegance. Relax in the cozy lounge or at the community table and discover our "Secret Room" - soon a small spa will also be ready. Next to the hotel is the mSE Kunsthalle with the KAIROS exhibition

Our chalets

We believe in exclusivity and luxurious security in nature. The chalets of the Lartor Resort set standards in terms of architecture and furnishings and are located in a unique place of peace and leisure in the Ammergau Alps Nature Park.

All chalets have a traditional and modernly equipped kitchen (you can also let our popular team from the in-house restaurant "Hieronymus" spoil you with culinary delights in your chalet), which leads over the dining area into a cozy living area with TV and open fireplace. The fireplace also opens onto the privacy-protected wellness terrace, where the tub is available for outdoor relaxation; your own sauna (bio/Finnish, 60°- 90°), on the other hand, heats up inside. In front of the glass front of the living area, the second terrace of each chalet offers a magnificent view of the valley.

Our meeting rooms

The Lartor Resort is also ideal for business visits. Do you want to offer your management team new incentives? We have the right ambience for your conferences and events. Our large conference room is equipped with modern technology and can accommodate up to 20 people. The view through the floor-to-ceiling windows into the mountain and meadow landscape of the Ammertal encourages free, concentrated thinking. In addition, we have created a creative retreat for new ideas with our Creative Lab for 10 to 15 people.
